

Drug Impairment Training for Educational Professionals

16 HOUR CLASSROOM INSTRUCTION

Drug Impairment Training for Educational Professionals, focuses on intervention and is designed to give school teachers, staff, nurses, school resource officers, and administrators basic knowledge of how to detect when students are impaired by drugs and prevent them from driving while under the influence. The first day covers drugs in society and the seven drug categories. The second day covers the evaluation and classification portion of the training. Classroom training includes:

- ▶ SFST Concepts & Principles
- ▶ Alcohol as a drug
- ▶ Seven categories of drugs
- ▶ Physiology of drugs
- ▶ Drugs in society
- ▶ Eye and vital sign examination
- ▶ Classifying a subject
- ▶ Drug combinations
- ▶ Notification and resources

DUI PROSECUTOR

16 HOUR CLASSROOM INSTRUCTION

Initial prosecutor training includes evaluation, preparation, and trial techniques for misdemeanor DUI cases. Vehicular homicide training includes investigation, evaluation, preparation, reconstruction, post collision calculations, basic toxicology and handling of defense experts in misdemeanor and felony cases.

- ▶ Detection
- ▶ Personal Contact
- ▶ PAS Device
- ▶ DRE
- ▶ Handling Defense Motions
- ▶ Chemical Testing
- ▶ Trial Techniques

DRUG EVALUATION AND CLASSIFICATION PROGRAM

DUI/SFST

24 HOUR CLASSROOM INSTRUCTION

Driving Under the Influence / Standardized Field Sobriety Testing course is the NHTSA comprehensive impaired driver detection course. This course is designed to increase the law enforcement officer's abilities to detect and investigate the impaired driver. This course meets the prerequisite for officers who wish to attend the Drug Recognition Evaluation (DRE) School. The following subjects are presented:

- ▶ Evidence of DUI
- ▶ NHTSA SFST's
- ▶ Courtroom testimony
- ▶ Report writing
- ▶ Correlation studies
- ▶ Alcohol workshops

This training is available to all sworn peace officers through local police training academies, police in-service training, and the California Highway Patrol.

ARIDE

16 HOUR CLASSROOM INSTRUCTION

The NHTSA Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed to bridge the gap between the Standardized Field Sobriety Testing (SFST) course and the Drug Recognition Expert (DRE) course. This two day course provides students with general knowledge related to drug impaired driving. This training includes the following topics:

- ▶ NHTSA SFST's review
- ▶ Seven categories of drugs
- ▶ Physiology of drug
- ▶ Courtroom testimony
- ▶ Report writing
- ▶ Drug combinations

This training is available to sworn peace officers through a DRE instructor at local police training academies, police in-service training, and the California Highway Patrol.

DRE

72 HOUR CLASSROOM INSTRUCTION

The Drug Recognition Evaluator (DRE) school is an intensive and comprehensive course designed to impart the knowledge and skills of the DRE protocol.

- ▶ 12 step evaluation
- ▶ Seven categories of drugs
- ▶ Physiology of drugs
- ▶ Eye & vital sign examination
- ▶ Resume preparation
- ▶ Report writing
- ▶ Classifying a suspect
- ▶ Alcohol as a drug
- ▶ Drug combinations
- ▶ Case preparation and testimony

32 HOUR FIELD CERTIFICATIONS

During field certification learned skills are applied in actual examinations of persons under arrest for drug impairment.

This training is available to sworn peace officers, who have completed DUI/SFST training, at local police training academies, LAPD, and the California Highway Patrol.
